**LINEA MAMMABABY'S  
UGHINO SHAMPOO**

As its name indicates, No Tears Baby Shampoo, made by the Italian brand Linea MammaBaby, doesn't sting the eyes and has been specially formulated to gently wash babies' delicate hair. All thanks to a cleanser based on a natural foaming agent (hydrolyzed wheat proteins with nourishing properties for soft and shiny hair) and a formula enriched with extracts of organic chamomile and calendula (reputed for their soothing, moisturising properties). Ophthalmologically tested, Ughino is a tear-free winner.

**MERCI MAMAN'S  
PERSONALISED BANGLES**

Answering to the sweet-sounding names of Cassiopée, Daphné, Olympe or Orphée, Merci Maman's personalised open bangles make very pretty gifts to celebrate the birth of a baby or any other occasion, to show somebody one loves how special she is. Once the model has been chosen, the team at the Parisian atelier will engrave the desired message by hand on the inside. With such delicate attention, each bangle thus becomes unique. (H.L.)
